SUMMARY

Motivated and detail-oriented final-year Computer Science student with strong skills in Python programming, backend development, and problem-solving. Experienced in building projects using Flask/Streamlit, implementing data structures and algorithms, and applying clean coding practices. Quick learner with a consistent focus on improving technical skills, preparing for placements, and delivering efficient solutions. Seeking an opportunity to contribute to a software development team while growing as a backend/web developer.

EDUCATION

Bachelor of Science in Computer Science

Jul 2023 - Apr 2026

The New College
chennai - 600014
CGPA : 8.01 / 10

SKILLS

Technical Skills: Programming language:Python, Database Management System: Oracle 10g ,MySQL
Query Language: SQL,Web Technologies: HTML,CSS,JavaScript
Tools : VS Code,GithHub,MySQL Workbench

Soft Skills : Communication,Work Ethics,TeamWork, Adaptability,Problem Solving

PROJECTS

• Library Management System:

Built a complete library management application with user login, role-based access, and real-time book inventory management. Designed modules for adding/searching books, issuing and returning books, and tracking availability. Ensured clean backend logic, database security, and smooth UI flow.

Tech Stack: Python(Streamlit,Pandas) ,MySQL,SQL

• Blood Donor Finder and Emergency Request System:

Built a real-time blood donor assistance system to connect patients with nearby donors during emergencies. The application improves accessibility to blood resources by providing fast donor search and emergency request features. The system was developed using Python for backend processing, MySQL for data storage, and HTML and CSS for the user interface.

Tech Stack: Python (Backend Development), HTML & CSS (Frontend), MySQL (Relational Database),SQL

INTERNSHIP

Python Full Stack Associate Intern - Qspiders (Ongoing)

DEC 2025 - MAR 2026

Python,Django,Flask,HTML,CSS,JavaScript,SQL

CERTIFICATIONS

- Programming in Python (NPTEL) – Scored 96%, demonstrating strong Python fundamentals
- Runner-Up – NewLogic 2026 Codathon, The New College (Certificate awaited)
- Completed GenAI Bootcamp (5 Days) – Hands-on exposure to Generative AI concepts
- SQL Mystery (MySQL) – Certificate from YouTube-based training program
- GenAI Bootcamp (5 Days) – IT Expert Training
- Participant, Internal Smart India Hackathon 2024 – The New College, Chennai (Team: Cyber_Foe)
